WEDNESDAY, JANUARY 27, 2021
6:00 PM (OR AFTER ICTC, LTA OR SAFE)

I. CALL TO ORDER AND ROLL CALL

II. PUBLIC COMMENTS

In compliance with the Governor’s Order N-29-20, the meeting will be held telephonically and electronically. If members of the public wish to review the attachments or have any questions on any agenda item, please contact Cristi Lerma at 760-592-4494 or via email at cristilerma@imperialctc.org. Agenda and minutes are also available at: http://ivrma.org/docs.php. If any member of the public wishes to address the Board, please submit written comments by 5 p.m. on Tuesday, January 26, 2021. Comments should not exceed three minutes on any item of interest not on the agenda within the jurisdiction of the Committee. The Committee will listen to all communication, but in compliance with the Brown Act, will not take any action on items that are not on the agenda.

III. CONSENT AGENDA

The Executive Director recommends review and approval of the Consent Calendar as presented.

A. Approval of the IVRMA Board Draft Minutes: September 23, 2020 Page 3

IV. REPORTS

A. IVRMA Program Report Page 5

V. ACTION CALENDAR

A. IVRMA FY 2020-2021 Budget Amendment, #2 Page 6

T: Projects\AB335\IVRMA\Board Meetings\2021\January\A012721
The ICTC Management Committee met on January 13, 2021 forwards this item to the IVRMA Board for review and approval after the receipt of public comment, if any:

1. Adopt the Budget Amendment #2

B. IVRMA Non-Disposal Facility Element Amendment

The ICTC Management Committee met on January 13, 2021 forwards this item to the IVRMA Board for review and approval after the receipt of public comment, if any:

1. Adopt IVRMA NDFE Amendment.

VI. MEETING DATE AND PLACE

A. The next meeting of the Imperial Valley Resource Management Agency will be held on Wednesday, February 24, 2021 at 6:00 p.m., at the ICTC Offices, 1503 N. Imperial Ave., Suite 104, El Centro, Ca 92243 and via Zoom Meeting.

VII. ADJOURNMENT

IV. REPORTS

Ms. Villasenor provided a report on page 8 of the agenda.

V. ACTION CALENDAR

A. IVRMA FY 2020-21 Budget, Amendment #1

At the IVRMA board meeting on June 24, 2020, the IVRMA FY 2020-21 budget was approved for a total of $298,847.00. On July 22, 2020, the IVRMA Board took action to modify the population formula used for local agency dues for FY 2020-2021 and subsequent years beyond. For FY 2020-2021, the new formula and modification less the prison inmate population is to only affect the City of Calipatria and the County of Imperial dues for FY 2020-2021, with no additional increase to the remaining agencies fees.

The modification reduced the total member agency dues by $9,158.00 and the overall budget revenues to $289,689.10. The expenditures designated for Professional and Special Services Wages were reduced from $156,503.00 to $147,345.00.

Revenues will be decreased by $9,158.00 from membership fees

Expenditures: There will be a reduction of the Professional and Special Services wages from $156,503 to $147,345

The ICTC Management Committee met on September 9, 2020 and forwarded this item to the IVRMA Board for review and approval, after the receipt of public comment:

1. Approved the FY 2020-2021 IVRMA Budget, Amendment #1

VI. MEETING DATE AND PLACE

A. The next meeting of the Imperial Valley Resource Management Agency will be held on Wednesday, November 18, 2020 at 6:00 p.m., (if needed) via Zoom Meeting.

VII. ADJOURNMENT

A. The meeting was adjourned at 7:06 p.m.
AGENDA REPORT

TO: IVRMA Board Members
FROM: Daveline Villaseñor, Project Manager
SUBJECT: IVRMA Board Meeting
MEETING DATE: January 21, 2021

STAFF REPORT

1. **TCU 18**: IVRMA is requesting the Board of Directors to consider the amendment of the FY 2020-2021 Budget to include additional funding approved in the amount of $250,000.00 for the Local Government Waste Tire Cleanup Grant (TCU18). The Local Government Waste Tire Cleanup Grant (TCU18), will cover expenditures for the collection of illegally dumped tires and associated activities for the term of two years (November 03, 2020 through September 29, 2022).

2. **IVRMA Mid-Year Budget Review FY 2020-2021**: IVRMA is currently preparing the documentation to present a Mid-Year Budget review. IVRMA anticipates providing the final draft at the next Board of Directors meeting on February 24, 2021.

3. **Nondisposal Facility Element (NDFE)**: The NDFE is being considered for legal review and amendment in order to incorporate the Salton City Landfill. Burrtec Waste Industries has expressed interest in developing a 4-acre Vegetative Food Material and Green Material Composting Operation at the Salton City Landfill that will provide residents and commercial organic waste generators in the area with the diversion compliance on CalRecycle’s AB1826 Mandatory Commercial Organic Recycling (MORc) and the most recent legislate, SB1383 Organic Waste Methane Emissions Reductions effective as of January 1, 2021. The County of Imperial is responsible for the review of the application documentation submitted by the applicant. IVRMA is responsible for issuing a resolution accepting the new operation to the Salton City Landfill.

4. **Household Hazardous Waste (HHW)**: The HHW Facilities from the City of El Centro, Calexico and Brawley will be working by appointment only through January 31, 2021. We appreciate your patience as we try to work to keep our team and local residents safe during the pandemic. Appointments will be available on Monday, Wednesday or Friday between the hours of 7:00 a.m. through 4:00 p.m. Please contact our main office at (760) 337-4537, Monday – Friday from 8:00 a.m. to 5:00 p.m.

RE: IVRMA FY 2020-2021 Budget Amendment, #2

Dear Board Members:

1. Adopt the Budget Amendment #2

Imperial Valley Resource Management Agency (IVRMA) received the Notice to Proceed which authorizes the agency to incur costs for the Local Government Waste Tire Cleanup Grant (TCU18), on November 03, 2020. The grant was approved for a total budget of $250,000.00 for a term of two years. The grant’s effective period is November 03, 2020 through September 20, 2022.

TCU18 funds include allocations to finance the operation of collecting and recycling illegally dumped tires throughout the Imperial County. It is estimated that 50% of the additional grant funds will be utilized remaining IVRMA fiscal year of 2020-2021. Remaining funds after June 30, 2021 will be allocated to the following IVRMA FY 2021-2022 budget.

Approve the budget increase for Org Key 1577005 from $53,844 to $303,844. See attached for additional information.

It is requested that the IVRMA Board of Directors consider this item for review and approval, after the receipt of public comment.

Sincerely,

MARK BAZA
Executive Director

RE: IVRMA Non-Disposal Facility Element Amendment

Dear Board Members,

1. Adopt IVRMA NDFE Amendment to add the Salton City.

Imperial Valley Resource Management Agency (IVRMA) received notification from the County of Imperial of a development for a new composting operation site at the Salton City Landfill. Burrtec Waste Industries, Inc. (BWI) has submitted an application for a 4-acre Vegetative Food Material and Green Material Composting Operation site within the Salton City Landfill.

The new compost site will serve in efforts to provide the County of Imperial commercial organic waste generators in the area. In the process of filing a registration Permit Application with IC EHS, it was found that the Salton City Landfill is not included in the County NDFE.

Burrtec Waste Industries, Inc. (BWI) is pleased to submit the attached completed application for an EA Registration Permit for Salton City Compost. As discussed over the past several months, BWI is undertaking this operation in an effort to provide residents and commercial organic waste generators in the area, a cost-effective option to disposal and will assist Imperial County with the diversion compliance on CalRecycle’s mandate for organic materials.

Consistent with 14 CCR § 17857.1 and 17857.2 the Salton City Compost operation will maintain a limited volume of up to 12, 500 cubic yards of feedstock, shipped and ground materials amendments, additives, active compost and stabilized compost onsite at any time.

It is requested that the IVRMA Board of Directors consider this item for review and approval, after the receipt of public comment.

Sincerely,

MARK BAZA
Executive Director
RMA MB/ds/cl
RESOLUTION NO. IVRMA -2021

RESOLUTION OF THE BOARD OF DIRECTORS OF THE IMPERIAL VALLEY RESOURCE MANAGEMENT AGENCY ADOPTING AN AMENDMENT TO THE NON-DISPOSAL FACILITY ELEMENT OF THE COUNTYWIDE INTEGRATED WASTE MANAGEMENT PLAN

WHEREAS, Public Resources Code (“PRC”) Section 50001 provides that after a Countywide Integrated Waste Management Plan (“CIWMP”) has been approved, no person shall establish or expand specified non-disposal facilities unless they have been identified in the Non-Disposal Facility Element (“NDFE”). The CIWMP for the County of Imperial was approved by the California Integrated Waste Management Board (“CIWMB”) in May of 2000; and

WHEREAS, PRC section 40970 authorizes cities and counties to form regional agencies to implement the requirements of PRC sections 40900 et seq. for effective and coordinated solid waste planning within a multi-agency region; and

WHEREAS, the cities of Brawley, Calexico, Calipatria, El Centro, Holtville, Imperial and Westmorland and those unincorporated areas within the County of Imperial have entered into a joint powers agreement designated as the Imperial Valley Resource Management Agency (“IVRMA”), which was approved as a regional agency by the CIWMB on February 20, 2008; and

WHEREAS, the joint powers formation agreement authorizes the IVRMA Board of Directors to specifically adopt or revise the countywide NDFE to the full extent as permitted by the PRC; and

WHEREAS, the County of Imperial has received an application from Burrtec Waste Industries, Inc. for an amendment to the countywide NDFE to include the proposed Salton City CDI Facility as specifically described in Exhibit A located within the jurisdiction of the unincorporated County.

NOW, THEREFORE, THE BOARD OF DIRECTORS OF THE IMPERIAL VALLEY RESOURCE MANAGEMENT AGENCY OF THE COUNTY OF IMPERIAL, CALIFORNIA, DOES HEREBY RESOLVE AS FOLLOWS:

1. That the foregoing is true, correct and adopted.

2. That the IVRMA Board of Directors does hereby adopt said amendment to the countywide NDFE as set forth in Exhibit A by this resolution.

/////

El Centro, CA 92243

Re: Application for Vegetative Food Waste and Green Material Composting Registration Permit,
Salton City Compost,
Salton City Solid Waste Site, SWFP # 13-AA-0011

Dear Ms. Zolorzano:

Burrrtec Waste Industries, Inc, (BWI), is pleased to submit the attached completed application package
for an EA Registration Permit for Salton City Compost, a 4-acre Vegetative Food Material and Green
Material Composting Operation, within the permitted boundary of the Salton City Landfill. As discussed
over the past several months, BWI is undertaking this operation in an effort to provide residents and
commercial organic waste generators in the area, a cost effective option to disposal and will also assist
Imperial County with diversion compliance on CalRecycle’s mandate for organic materials.

Consistent with 14 CCR § 17857.1 and 17857.2 the Salton City Compost operation will maintain a limited
volume of up to 12,500 cubic yards of feedstock, chipped and ground materials, amendments, additives,
active compost, and stabilized compost onsite at any one time.

Your processing of this application is requested and includes the following:

1) Completed and signed State of California – CIWMB Form 83, Registration Permit Application,
2) Site Drawings for the 4 acre Salton City Compost operation, including:
   a. G01 - Title Page
   b. G02 - General Notes (Standard IC DPW General Notes)
   c. G03 - Existing Conditions
   d. G04 - Site Plan
   e. C01 - Grading Plan
   f. C02 - Site Location Map

As you will see from the drawings, we intend to relocate our current recycling area to the vacant ground
just west of the current location. This minor change will provide an open area, approximately 4 acres in
size between the existing access road to the lower section of the Phase 1B disposal area and our water
storage basin. The ground underlying the proposed composting pad was previously used for stockpiling
clay material during construction of the Phase 1A liner and LCRS construction. A substantial layer of
clay, approximately 2 feet thick remains at that location.
Preparation for the area will only require the relocation of a temporary litter fence and several thousand cubic yards of erosion control mulch. The erosion control mulch will be removed and relocated to other exposed soil surfaces on the landfill site consistent with the Erosion Control Mulching Plan.

Once this permit application is approved, the appropriate site drawings for the Salton City Landfill will be updated to include the Salton City Compost Operation as well as the relocated recycling area.

Please call if you have any questions.

Sincerely,

David S Brischke

Instructions for Completing Registration Application:

Fill out this application form completely and accurately. After the Enforcement Agency has review[ed] the application, it will determine whether it meets the requirements of section 18104.1. If the Enforcement Agency finds that the application is complete and correct, a copy of this application and a permit will be returned to you. If the application is not found to be complete and correct it will not be accepted for filing. For additional information on the procedure used for processing this application refer to Title 14 of the California Code of Regulations, Section 181094 et. seq.

Facility Name: The legal name of the facility.
Facility Address/Location: The address of the facility and a description of the location if different.
Facility Operator/Land Owner: Provide both the mailing addresses and the location/address where process may be served.

Section Authorizing Eligibility:
You must determine the appropriate Section in Chapters 3 or 3.1 of Division 7 of Title 14 of the Califonia Code of Regulations that authorizes eligibility.
After determining the appropriate section list it on the application.

Site Capacity: Total capacity of material that can be stored at the site at any one time.
Peak Loading: Is the largest projected waste/material quantity to be received by an operation on any day of operation.
Annual Loading: Is the maximum amount of waste/material to be handled by an operation annually.

Days and hours of Operation: The days and hours that the facility is in operation.
Facility Size: The total acreage of the site.
Operating area: The total acreage that is used for all operations.
Traffic: State the maximum number of vehicles that will enter and haul incoming material or remove material on a daily basis.

The operator is required to supply conformance-finding information. Whichever one of the two statements above is appropriate to your operation must be checked. To help you in making this determination, you can contact the Enforcement Agency, Local Task Force, or other solid waste-planning agency in your city or county.

The application must include a site map and a location map. The site map should include, but not be limited to, operations areas and their relationships to property boundaries, adjacent land uses, proposed drainage systems, any excavation areas, and any other portions of the site dedicated to a specific use. The location map should show the general location of the operation at a scale size minimally equivalent to 1:24,000 USGS topographical quadrangle.

This application must be signed, under penalty of perjury, by both the land owner and the operator.
Notes Continued

16. The maximum allowable cut and fill slopes are 3:1. Unless a slope
stability analysis authorizes a steeper slope and has been
approved.

17. A fill 6 ft 4 in. or 2.3 m high, or equal, shall be constructed
along the top of all fill slopes over 2 ft 6 in. Vertical, below
which shall have a berms to prevent overwashing and
revert drainage from eroding same.

18. A berm ditch designed to handle the flows from a 30 ft
erosion trench shall be constructed along the top of all cut
slopes.

26. No construction of underground or natural water courses will
be permitted.

27. All existing drainage courses on the project site that may
continue to function during normal conditions. Protecting
these drainages and temporary drainage provision must be
made. A written report provides alternate recommendations.

32. An applicant for a building permit shall submit a report to the
planning and building department for a minimum of 60 days before
the issuance of the building permit.

33. The contractor shall modify "underground" service line at
the beginning of the project, in the event that the
planning and building department requires it.

Strom Water Controls: Salton City Landfill has an approved
permit for the project. Contractor to provide construction
permits for the proposed work.

Notes Continued
